NOVEMBER 1856 and 1857.

(Mr. Edward Bouverie.)

Ordered, by The House of Commons, to be Printed,

5 June 1857.

MEMORANDUM AS TO THE WEEKLY RETURNS OF PAUPERISM.

THE Returns of the Number of Paupers relieved on the *last day* of each Week, do not include the "Lunatic Paupers in Asylums and Licensed Houses;" nor, the number of "Vagrants" relieved. These classes form only a small portion of the entire pauperism of the country. According to the latest Returns (1st January 1857), the number contained in these two classes was less than 2·0 per cent. of the total pauperism.

The Pauper Lunatics in Asylums are not generally subject to variations in number, to the same degree, as the other classes of Paupers; and the number of Vagrants, relieved by the Unions throughout the country, has become too small to need a return so frequently as once a week. These considerations led to the exclusion of the two classes.

There are 14,607 parishes in England and Wales, supporting their own poor: returns of pauperism are received weekly, in respect of 14,320 of that number; 287 parishes, incorporated under Gilbert's Act, or still under the provisions of the 43d Elizabeth, make no return of the number of paupers whom they relieve.

The Returns are arranged under eleven divisions. The Union-counties which fall under each are shown in the following view:

INTRODUCTORY MEMORANDUM.

New Arrange-
ment.

THE Statistics of Pauperism now presented to the House of Commons, have, under the directions of the President of the Poor Law Board, been classed, in respect of localities, on the plan adopted for the Census of 1851; and augmented, in respect of subject-matter, by the publication of the Returns of each Union, separately; with the addition of some Industrial Statistics.

Divisions.

It will be seen on reference to the Tables, that the Union-Counties have been arranged in Eleven Divisions, namely—

Division I.—THE METROPOLIS.

II.—SOUTH EASTERN COUNTIES.

III.—SOUTH MIDLAND COUNTIES.

IV.—EASTERN COUNTIES.

V.—SOUTH WESTERN COUNTIES.

VI.—WEST MIDLAND COUNTIES.

VII.—NORTH MIDLAND COUNTIES.

VIII.—NORTH WESTERN COUNTIES.

IX.—YORKSHIRE.

X.—NORTHERN COUNTIES.

XI.—MONMOUTHSHIRE AND WALES.

And, that the Unions have been placed, according to their topographical proximity, under the Union-Counties.

Union-Counties.

The “*Union-Counties*” are formed by placing together certain Unions, &c., which, in aggregate area and population, most nearly coincide with the Counties proper, that respectively bear the same names. Owing to the fact that the Union boundaries are not conterminous with the boundaries of Counties, it is impossible to make the Union-Counties coincide absolutely in area and population with the ordinary County divisions, but the Union-Counties are now made, as far as possible, co-extensive* with the Registration

* There are 408 parishes, with a total population of 1,324,833, which make no Return to the Poor Law Board. When Returns can be obtained and published for these places, the coincidence of areas will be complete.

tration Counties of the Census; and the Unions themselves correspond to the Registration Districts of the same work. This correspondence of area extends to the Returns published by the Registrar-General.

The Industrial Statistics have been compiled from the information published in the Occupations Abstract of the Census of 1851; which exhibits the various employments of the people under the following Classes; namely—

Classes of Occupations.

Class I. Persons engaged in the general or local GOVERNMENT of the Country - - - -	65,330

VIII. Persons engaged in the CONVEYANCE of Men, Animals, Goods, and Messages - -	252,196
IX. Persons possessing or working the LAND, and engaged in growing GRAIN, FRUITS, GRASSES, ANIMALS, and other Products - - - -	1,576,081

XVII. Persons supported by the community, and of NO SPECIFIED OCCUPATION * - - -	103,453
Other Persons of no stated Occupations or Conditions - - - -	110,407
TOTAL of Persons, aged 20 and upwards, in England and Wales - - -	9,816,597

These Classes are divided into *eighty-seven* Sub-classes. The minor details are given, with great fulness, under Class and Sub-class at page cxxviii *et seq.* in the 1st volume of the Second Part of the Census.

Sub-classes.

The ratios of occupations were computed in this office, to accompany the series to be presented from time to time, under the general title of "Poor Rates and Pauperism." They were, of necessity, restricted to the adult population; because, the occupations of persons under 20 years of age, have not been published for separate Unions.

Computation of Ratios.

However,

* Classes V. and XVII. include only those of the persons described who are not returned in any of the other classes.

Classes excluded.

However, more than half the population, that is, 9,816,597 persons, are persons aged " 20 years and upwards." But this number is reduced about one-third, by the rejection of Classes I., II., III., IV., V., XV., XVI., and XVII., as seven of these were considered to have very little, if any, bearing on questions of pauperism; and, Class XV., embracing undefined branches of labour, was thrown out by the impossibility of a satisfactory allocation of the numbers therein; a like cause excluded 110,407 " persons of no stated occupations or conditions."

Groups.

The Classes retained have been thrown into four Groups, thus :—

TITLES OF THE GROUPS.	Corresponding Classes in the Census Abstract.	Number of Persons aged 20 Years and upwards in each Group.
(a) Mechanical Arts; Trade and Domestic Service.	Classes VI.; VII.; VIII.; X.; XI.; XII. (Sub-Class 1 only); XIII. (Sub-Classes 1 and 2 only).	3,042,520
(b) Agriculture - - - - -	Class IX. - - - - -	1,576,081
(c) Manufactures - - - - -	Classes XII. (<i>except</i> Sub-Class 1); and XIII. (<i>except</i> Sub-Classes 1 and 2).	819,802
(d) Mining and Mineral Works -	Class XIV. - - - - -	623,171

Ratios of the Groups.

These four Groups contain 6,061,574 persons; or 61.8 per cent. of the total adult population. Separately considered, the ratios stand thus—

Group (a).—Mechanical Arts, Trade and Domestic Service - - - } contains 31.0 per cent.

Group (b).—Agriculture - - - contains 16.1 per cent.

Group (c).—Manufactures - - - contains 8.4 per cent.

Group (d).—Mining and Mineral Works - contains 6.3 per cent.

Titles of the Groups.

The Titles briefly express the preponderating characteristics of the Groups; the headings of the tabular columns, necessarily concise, excluding any reference to minor branches of employment. But the following Synopsis, exhibiting the Sub-classes collected into the different Groups, will, it is believed, afford a sufficient account of the numbers and industries discussed in each.

With the view of giving greater clearness to the industrial statistics ; the ratios have, when *above* the average of their respective Groups, been printed in *italics* ; but, when at the average, or below it, ordinary figures have been employed.

The Groups (a), (c), and (d) containing a great variety of employments, a column for special occupations has been printed, opposite to each Union. In this Column particular branches of industry are named, with references to the Groups ; whenever, the number of persons employed, appeared sufficiently important to require notice. The agricultural Group (b) not being characterised by varieties, to the same extent, required no elucidation beyond the computed ratios. For the sake of brevity, the names of the products, whether wrought or unwrought, are given in this column instead of the names of the occupations, *e. g.* “copper” for copper-mining ; “silk” for silk manufactures.

To save space in printing the Pauper Statistics of each Union, the ordinary returns, given *in extenso* in Table No. 1, have been reduced under four heads ; namely, 1. *Able-bodied* ; 2. *Not Able-bodied* ; 3. *Insane* ; 4. *Vagrants* ; at the same time, the distinction of In-door from Out-door Paupers has been preserved.

The reference numbers to the Union-Counties and Unions are the same as those printed in the Census ; and, employed in the Registrar-general’s Returns, place for place ; except, in those instances where the registration districts include two, or more, poor-law unions or parishes. In such cases the Census number has been retained, and the separation into parts marked by a letter added to the original number ; thus, Kensington, which in the Census stands as number 1, is divided into three places for poor-law purposes, and the several parts are marked accordingly ; 1 *a.*—Kensington. 1 *b.*—Fulham. 1 *c.*—Paddington.

No. 1. REMARKS ON THE RETURNS OF PAUPERISM,

1ST JANUARY 1858.

Number of Unions returned.

RETURNS of the number of Paupers, of all classes, in receipt of relief on the 1st January 1858 have been received from 643 Unions and Single Parishes under Boards of Guardians; of this number, the great majority make their returns in conformity to the classification prescribed in the general order of accounts of the Poor Law Board; that classification is shown in the Summary, at pages 8 to 15; but, several large places, which are not under the provisions of that order, make their returns according to the classification at page 30, *et seq.*

629 Places are returned according to the order of accounts.

14 Places are returned according to a different classification.

643 Unions and Single Parishes under Boards of Guardians.

Number of Paupers.

The number of Paupers in England and Wales, in all the places returned, on the 1st January stood thus:

In-door Paupers.	Out-door Paupers.	TOTAL.
137,315	809,454	946,769

Ratio to Population.

The aggregate Population of these places, according to the Census of 1851, was 17,626,365, which is short of the entire Population of the country by 1-60th part only; but, estimated to the 1st January, it would be 19,156,000. The proportion of Paupers to the latter number was 1 in 20, or 4.94 per cent.

Tables of 642 Unions.

The ten following Tables relate to 642 Unions and Single Parishes, with a total estimated Population of 18,974,000. The return from St. Pancras is excluded; because, being limited to the total number of in-door and out-door Paupers, the necessary details are deficient.

The Summary at pages 20 and 24 affords the means of computing the proportion of out-door pauperism which arises from widowhood. The next Table shows, in

in respect of 629 Unions, with a population of 16,628,399 (Census 1851), the number of able-bodied Widows and Children dependent on them, relieved out of doors on the 1st January last; and, the ratio which the Widows and their Children bear to the total number of out-door Paupers. The succeeding Tables, except that at page 8, which relates to the weekly Returns, being comparisons, or the results of comparisons, of the Pauperism of the 1st January 1858, with that of the 1st January 1857 and 1856, are limited to the places returned in the last named years; that is, to 627 Unions and single parishes, having an aggregate Population, according to the Census of 1851, of 16,529,865. Tables of 627 Unions.

The Paupers in receipt of relief on the 1st January 1856, 1857, and 1858, are shown by the next Table. Paupers of all classes.

Weekly Returns
of Paupers.

The Weekly Returns of Pauperism (No. 77—Return A.—Sess. 2, 1857), had shown that there were fewer Paupers in each week of last, as compared with the corresponding week of the former year, up to and inclusive of the third week in October; in the fourth week of that month, however, a slight pressure was felt; the increase being 0.07 per cent. for the whole of England and Wales.

Christmas Quarter,
1856 and 1857.

The next Table exhibits the rate per cent. of difference in each week of the last quarter of 1857, for England and Wales; and, for the North Western, North Midland, and York Divisions separately; these divisions, it will be observed, were subject to an increase of considerable severity.

The increase commenced with the North Western Division (Chester and Lancaster); the North Midland followed in the fourth week of October; and the York Division in the third week of November.

Increase in three Divisions.

The agricultural Union-Counties situated in the North Midland Division, namely, Lincoln and Rutland, and the two in the York Division, the East and North Ridings, did not participate in the distress of the other parts of their respective districts. This is apparent on an inspection of the Comparative Tables at pages 28 and 29.

If the divisions principally affected by the commercial difficulties of last autumn, be separated from the other portions of the kingdom, it will be found that the latter showed a small decrease in the number of Paupers relieved. This is set forth in the next Table.

Decrease in other Divisions.

THE following Remarks, explanatory of a new arrangement of the Statistics of Pauperism, are re-printed here from the "Introductory Memorandum" prefixed to Return (B.), No. 77, Sess. 2, 1857.

New Arrangement.

Statistics of Pauperism.

The Statistics of Pauperism now presented to the House of Commons, have, under the directions of the President of the Poor Law Board, been classed, in respect of localities, on the plan adopted for the Census of 1851; and augmented, in respect of subject-matter, by the publication of the Returns of each Union, separately; with the addition of some Industrial Statistics.

Divisions.

It will be seen on reference to the Tables, that the Union-Counties have been arranged in Eleven Divisions, namely—

Division I.—THE METROPOLIS.

II.—SOUTH EASTERN COUNTIES.

III.—SOUTH MIDLAND COUNTIES.

IV.—EASTERN COUNTIES.

V.—SOUTH WESTERN COUNTIES.

VI.—WEST MIDLAND COUNTIES.

VII.—NORTH MIDLAND COUNTIES.

VIII.—NORTH WESTERN COUNTIES.

IX.—YORKSHIRE.

X.—NORTHERN COUNTIES.

XI.—MONMOUTHSHIRE AND WALES.

And, that the Unions have been placed, according to their topographical proximity, under the Union-Counties.

Union-Counties.

The “*Union-Counties*” are formed by placing together certain Unions, &c., which, in aggregate area and population, most nearly coincide with the Counties proper, that respectively bear the same names. Owing to the fact that the Union boundaries are not conterminous with the boundaries of Counties, it is impossible to make the Union-Counties coincide absolutely in area and population with the ordinary County divisions; but, the Union-Counties are now made, as far as possible, co-extensive* with the Registration Counties of the Census; and the Unions themselves, correspond to the Registration Districts of the same work. This correspondence of area, extends to the Returns published by the Registrar-General.

The

* There are 408 parishes, with a total population of 1,324,833, which make no Return to the Poor Law Board. When Returns can be obtained and published for these places, the coincidence of areas will be complete.

The Industrial Statistics have been compiled from the information published in the Occupations Abstract of the Census of 1851; which exhibits the various employments of the people under the following Classes; namely—

Class I. Persons engaged in the general or local GOVERNMENT of the Country - - -	65,330	Classes of Occu- pations.
II. Persons engaged in the DEFENCE of the Country - - -	78,498	
III. Persons in the LEARNED PROFESSIONS (with their immediate SUBORDINATES), either filling Public Offices, or in private Practice - - -	87,422	
IV. Persons engaged in LITERATURE, the FINE ARTS, and the SCIENCES - - -	94,790	
V. Persons engaged in the DOMESTIC OFFICES, or DUTIES of WIVES, MOTHERS, Mistresses of Families, CHILDREN, RELATIVES * - - -	2,777,017

VII. Persons who BUY or SELL, KEEP, LET, or LEND, Money, Houses, or Goods of VARIOUS KINDS - - -	162,265	
VIII. Persons engaged in the CONVEYANCE of Men, Animals, Goods, and Messages - - -	252,196	
IX. Persons possessing or working the LAND, and engaged in growing GRAIN, FRUITS, GRASSES, ANIMALS, and other Products - - -	1,576,081	
X. Persons engaged about ANIMALS - - -	63,506	
XI. Persons engaged in ART and MECHANIC Productions, in which matters of various Kinds are employed IN COMBINATION - - -	554,878	
XII. Persons working and dealing in ANIMAL MATTERS - - -	419,282

XV. Labourers and others—Branch of Labour undefined - - -	290,227	
XVI. Persons of RANK or PROPERTY not returned under any Office or Occupation - - -	147,879	
XVII. Persons supported by the community, and of NO SPECIFIED OCCUPATION * - - -	103,453	
Other Persons of no stated Occupations or Conditions - - -	110,407	
TOTAL of Persons, aged 20 and upwards, in England and Wales - - -	9,816,597	

These Classes are divided into *eighty-seven* Sub-classes. The minor details are given, with great fulness, under Class and Sub-class at page cxxviii *et seq.* in the 1st volume of the Second Part of the Census.

The ratios of occupations were computed in this office, to accompany the series to be presented from time to time, under the general title of “Poor Rates and Pauperism.” They were, of necessity, restricted to the adult population; because, the occupations of persons under 20 years of age, have not been published for separate Unions.

However,

* Classes V. and XVII. include only those of the persons described who are not returned in any of the other classes.

Classes excluded.

However, more than half the population, that is, 9,816,597 persons, are persons aged "20 years and upwards." But this number is reduced about one-third, by the rejection of Classes I., II., III., IV., V., XV., XVI., and XVII., as seven of these were considered to have very little, if any, bearing on questions of pauperism; and, Class XV., embracing undefined branches of labour, was thrown out by the impossibility of a satisfactory allocation of the numbers therein; a like cause excluded 110,407 "persons of no stated occupations or conditions."

Groups.

The Classes retained have been thrown into four Groups, thus:—

TITLES OF THE GROUPS.	Corresponding Classes in the Census Abstract.	Number of Persons aged 20 Years and upwards in each Group.
(a) Mechanical Arts; Trade and Domestic Service.	Classes VI.; VII.; VIII.; X.; XI.; XII. (Sub-Class 1 only); XIII. (Sub-Classes 1 and 2 only).	3,042,520
(b) Agriculture - - - -	Class IX. - - - -	1,576,081
(c) Manufactures - - - -	Classes XII. (<i>except</i> Sub-Class 1); and XIII. (<i>except</i> Sub-Classes 1 and 2).	819,802
(d) Mining and Mineral Works -	Class XIV. - - - -	623,171

Ratios of the Groups.

These four Groups contain 6,061,574 persons; or 61·8 per cent. of the total adult population. Separately considered, the ratios stand thus—

Group (a).—Mechanical Arts, Trade and Domestic Service - - } contains 31·0 per cent.

Group (b).—Agriculture - - - contains 16·1 per cent.

With the view of giving greater clearness to the industrial statistics ; the ratios have, when *above* the average of their respective Groups, been printed in *italics* ; but, when at the average, or below it, ordinary figures have been employed.

The Groups (a), (c), and (d), containing a great variety of employments, a column for special occupations has been printed, opposite to each Union. In this Column particular branches of industry are named, with references to the Groups ; whenever, the number of persons employed appeared sufficiently important to require notice. The agricultural Group (b) not being characterised by varieties, to the same extent, required no elucidation beyond the computed ratios. For the sake of brevity, the names of the products, whether wrought or unwrought, are given in this column instead of the names of the occupations, *e. g.*, “copper” for copper-mining ; “silk” for silk manufactures.

To save space in printing the Pauper Statistics of each Union, the ordinary returns, given *in extenso* in Table No. 1, have been reduced under four heads ; namely, 1. *Able-bodied* ; 2. *Not Able-bodied* ; 3. *Insane* ; 4. *Vagrants* ; at the same time, the distinction of In-door from Out-door Paupers has been preserved.

The reference numbers to the Union-Counties and Unions are the same as those printed in the Census ; and, employed in the Registrar-general’s Returns, place for place ; except, in those instances where the registration districts include two, or more, poor-law unions or parishes. In such cases the Census number has been retained, and the separation into parts marked by a letter added to the original number ; thus, Kensington, which in the Census stands as number 1, is divided into three places for poor-law purposes, and the several parts are marked accordingly ; 1 *a.*—Kensington. 1 *b.*—Fulham. 1 *c.*—Paddington.

Ordered, by The House of Commons, to be Printed,

No. 1. REMARKS ON THE RETURNS OF PAUPERISM,

1ST JANUARY 1858.

Number of Unions returned.

RETURNS of the number of Paupers, of all classes, in receipt of relief on the 1st January 1858 have been received from 643 Unions and Single Parishes under Boards of Guardians ; of this number, the great majority make their returns in conformity to the classification prescribed in the general order of accounts of the Poor Law Board ; that classification is shown in the Summary, at pages 8 to 15 ; but, several large places, which are not under the provisions of that order, make their returns according to the classification at page 30, *et seq.*

629 Places are returned according to the order of accounts.

14 Places are returned according to a different classification.

643 Unions and Single Parishes under Boards of Guardians.

Number of Paupers.

The number of Paupers in England and Wales, in all the places returned, on the 1st January stood thus :

In-door Paupers.	Out-door Paupers.	TOTAL.
137,315	809,454	946,769

Ratio to Population.

The aggregate Population of these places, according to the Census of 1851, was 17,626,365, which is short of the entire Population of the country by 1-60th part only ; but, estimated to the 1st January, it would be 19,156,000. The proportion of Paupers to the latter number was 1 in 20, or 4·94 per cent.

Tables of 642 Unions.

The ten following Tables relate to 642 Unions and Single Parishes, with a total estimated Population of 18,974,000. The return from St. Pancras is excluded ; because, being limited to the total number of in-door and out-door Paupers, the necessary details are deficient.

The succeeding Tables, except that at page 8, which relates to the weekly Returns, being comparisons, or the results of comparisons, of the Pauperism of the 1st January 1858, with that of the 1st January 1857 and 1856, are limited to the places returned in the last named years; that is, to 627 Unions and single parishes, having an aggregate Population, according to the Census of 1851, of 16,529,865.

Tables of 627 Unions.

The Paupers in receipt of relief on the 1st January 1856, 1857, and 1858, are shown by the next Table.

Adult Able-bodied Paupers.

The Adult Able-bodied Pauperism at the three dates, is given in the next Table.

Weekly Returns of Paupers.

The Weekly Returns of Pauperism (No. 77—Return A.—Sess. 2, 1857), had shown that there were fewer Paupers in each week of last, as compared with the corresponding week of the former year, up to and inclusive of the third week in October; in the fourth week of that month, however, a slight pressure was felt; the increase being 0·07 per cent. for the whole of England and Wales.

Christmas Quarter, 1856 and 1857.

The next Table exhibits the rate per cent. of difference in each week of the last quarter of 1857, for England and Wales; and, for the North Western, North Midland, and York Divisions separately; these divisions, it will be observed, were subject to an increase of considerable severity.

The increase commenced with the North Western Division (Chester and Lancaster); the North Midland followed in the fourth week of October; and the York Division in the third week of November.

The agricultural Union-Counties situated in the North Midland Division, namely, Lincoln and Rutland, and the two in the York Division, the East and North Ridings, did not participate in the distress of the other parts of their respective districts. This is apparent on an inspection of the Comparative Tables at pages 28 and 29.

If the divisions principally affected by the commercial difficulties of last autumn, be separated from the other portions of the kingdom, it will be found that the latter showed a small decrease in the number of Paupers relieved. This is set forth in the next Table.

THE following Remarks, explanatory of a new arrangement of the Statistics of Pauperism, are re-printed here from the "Introductory Memorandum" prefixed to Return (B.), No. 77, Sess. 2, 1857.

New Arrangement.

Statistics of Pauperism.

The Statistics of Pauperism now presented to the House of Commons, have, under the directions of the President of the Poor Law Board, been classed, in respect of localities, on the plan adopted for the Census of 1851; and augmented, in respect of subject-matter, by the publication of the Returns of each Union, separately; with the addition of some Industrial Statistics.

Divisions.

It will be seen on reference to the Tables, that the Union-Counties have been arranged in Eleven Divisions, namely—

Division I.—THE METROPOLIS.

II.—SOUTH EASTERN COUNTIES.

III.—SOUTH MIDLAND COUNTIES.

IV.—EASTERN COUNTIES.

V.—SOUTH WESTERN COUNTIES.

VI.—WEST MIDLAND COUNTIES.

VII.—NORTH MIDLAND COUNTIES.

VIII.—NORTH WESTERN COUNTIES.

IX.—YORKSHIRE.

X.—NORTHERN COUNTIES.

XI.—MONMOUTHSHIRE AND WALES.

And, that the Unions have been placed, according to their topographical proximity, under the Union-Counties.

Union-Counties.

The “*Union-Counties*” are formed by placing together certain Unions, &c., which, in aggregate area and population, most nearly coincide with the Counties proper, that respectively bear the same names. Owing to the fact that the Union boundaries are not conterminous with the boundaries of Counties, it is impossible to make the Union-Counties coincide absolutely in area and population with the ordinary County divisions; but, the Union-Counties are now made, as far as possible, co-extensive* with the Registration Counties of the Census; and the Unions themselves, correspond to the Registration Districts of the same work. This correspondence of area, extends to the Returns published by the Registrar-General.

The

* There are 408 parishes, with a total population of 1,324,833, which make no Return to the Poor Law Board. When Returns can be obtained and published for these places, the coincidence of areas will be complete.

The Industrial Statistics have been compiled from the information published in the Occupations Abstract of the Census of 1851; which exhibits the various employments of the people under the following Classes; namely—

Classes of Occupations.

Other Persons of no stated Occupations or Conditions - - - -	110,407
TOTAL of Persons, aged 20 and upwards, in England and Wales - - -	9,816,597

These Classes are divided into *eighty-seven* Sub-classes. The minor details are given, with great fulness, under Class and Sub-class at page cxxviii *et seq.* in the 1st volume of the Second Part of the Census.

Sub-classes.

The ratios of occupations were computed in this office, to accompany the series to be presented from time to time, under the general title of "Poor Rates and Pauperism." They were, of necessity, restricted to the adult population; because, the occupations of persons under 20 years of age, have not been published for separate Unions.

Computation of Ratios.

However,

* Classes V. and XVII. include only those of the persons described who are not returned in any of the other classes.

Classes excluded. However, more than half the population, that is, 9,816,597 persons, are persons aged “ 20 years and upwards.” But this number is reduced about one-third, by the rejection of Classes I., II., III., IV., V., XV., XVI., and XVII., as seven of these were considered to have very little, if any, bearing on questions of pauperism; and, Class XV., embracing undefined branches of labour, was thrown out by the impossibility of a satisfactory allocation of the numbers therein; a like cause excluded 110,407 “ persons of no stated occupations or conditions.”

Groups. The Classes retained have been thrown into four Groups, thus :—

TITLES OF THE GROUPS.	Corresponding Classes in the Census Abstract.	Number of Persons aged 20 Years and upwards in each Group.
(a) Mechanical Arts; Trade and Domestic Service.	Classes VI.; VII.; VIII.; X.; XI.; XII. (Sub-Class 1 only); XIII. (Sub-Classes 1 and 2 only).	3,042,520
(b) Agriculture - - - -	Class IX. - - - - -	1,576,081
(c) Manufactures - - - -	Classes XII. (<i>except</i> Sub-Class 1); and XIII. (<i>except</i> Sub-Classes 1 and 2).	819,802
(d) Mining and Mineral Works -	Class XIV. - - - - -	623,171

Ratios of the Groups. These four Groups contain 6,061,574 persons; or 61·8 per cent. of the total adult population. Separately considered, the ratios stand thus—

- Group (a).—Mechanical Arts, Trade and Domestic Service - - } contains 31·0 per cent.
- Group (b).—Agriculture - - - contains 16·1 per cent.
- Group (c).—Manufactures - - - contains 8·4 per cent.
- Group (d).—Mining and Mineral Works - contains 6·3 per cent.

Titles of the Groups. The Titles briefly express the preponderating characteristics of the Groups; the headings of the tabular columns, necessarily concise, excluding any reference to minor branches of employment. But the following Synopsis, exhibiting the Sub-classes collected into the different Groups, will, it is believed, afford a sufficient account of the numbers and industries discussed in each.

With the view of giving greater clearness to the industrial statistics; the ratios have, when *above* the average of their respective Groups, been printed in *italics*; but, when at the average, or below it, ordinary figures have been employed.

The Groups (a), (c), and (d), containing a great variety of employments, a column for special occupations has been printed, opposite to each Union. In this Column particular branches of industry are named, with references to the Groups; whenever, the number of persons employed appeared sufficiently important to require notice. The agricultural Group (b) not being characterised by varieties, to the same extent, required no elucidation beyond the computed ratios. For the sake of brevity, the names of the products, whether wrought or unwrought, are given in this column instead of the names of the occupations, *e. g.*, “copper” for copper-mining; “silk” for silk manufactures.

To save space in printing the Pauper Statistics of each Union, the ordinary returns, given *in extenso* in Table No. 1, have been reduced under four heads; namely, 1. *Able-bodied*; 2. *Not Able-bodied*; 3. *Insane*; 4. *Vagrants*; at the same time, the distinction of In-door from Out-door Paupers has been preserved.

The reference numbers to the Union-Counties and Unions are the same as those printed in the Census; and, employed in the Registrar-general’s Returns, place for place; except, in those instances where the registration districts include two, or more, poor-law unions or parishes. In such cases the Census number has been retained, and the separation into parts marked by a letter added to the original number; thus, Kensington, which in the Census stands as number 1, is divided into three places for poor-law purposes, and the several parts are marked accordingly; 1 *a.*—Kensington. 1 *b.*—Fulham. 1 *c.*—Paddington.

(Mr. Edward Bouverie.)

Ordered, by The House of Commons, to be Printed,

5 June 1857.

No. 1.—REMARKS ON RETURN (C.)

Publication of the Return.

THE Returns of "In-maintenance and Out-door Relief," for the half-years ended at Michaelmas and Lady-day respectively, are forwarded to the Poor Law Board, by the Clerks to the Guardians, prior to the audit of the Union accounts; this circumstance enables the Board to publish the information at an earlier period than, otherwise, could be accomplished.

Items of In-Maintenance and Out-Relief.

The sums charged in the Union accounts as "In-maintenance" consist of the cost of food, clothing, and necessities supplied for the use of Paupers in Workhouses; "Out-door Relief" consists of the value of relief in kind, or in money, given to Paupers, at their own abodes; and also of money (if any) lent to them.

Proportion to the Relief to the Poor.

The total cost of In-maintenance and Out-door Relief is about *three-fourths* of the entire sum expended for "Relief to the Poor;" the other *fourth*, of which the details will be published in the Annual Poor Rate Return (Return D.), consists of the cost of maintaining Pauper Lunatics in Asylums; Workhouse Loans repaid, with interest thereon; Salaries and Rations of Officers; and, other charges immediately connected with relief.

Use of this Return as an Index of Pauperism.

As, the expense of In-maintenance and Out-door Relief is entirely made up of disbursements for provisions, clothing, and other necessities supplied for the personal use of the Paupers, or of relief given to them in money, this expenditure becomes a more certain index of the fluctuations in Pauperism than, the larger amounts given in the Annual Poor Rate Returns as "Relief to the Poor;" because, the additional items of the last-named head are influenced by other causes, besides the increase or decrease of Pauperism.

Expenditure.

The Return now published includes 628 Unions and single Parishes under Boards of Guardians, which, during the half-year ended at Michaelmas 1857, expended for

IN-MAINTENANCE.	OUT-DOOR RELIEF.	TOTAL.
£. 449,056 - - - -	£. 1,448,288 - - - -	£. 1,897,344

The places to which these figures relate, have, according to the Census for 1851, an aggregate population of 16,628,399.

Irremovable Paupers.

The expenditure in respect of Irremovable Paupers can only be shown for 608 of those Unions and Single Parishes; as, 20 Places keep no separate accounts of the relief granted to this class of Paupers.

In these 608 Unions and single Parishes the relief was, for

			IN-MAINTENANCE.	OUT-DOOR RELIEF.	TOTAL.
			£.	£.	£.

TOTAL	-	-	403,891	1,389,134	1,793,025

It will be seen that, during the period in question, the cost of relief to Irremovable Paupers was equal to 28·4 per cent. on the cost of relief to the other Paupers.

The following Table is a Comparative Statement of the Expenditure for the three half-years ended at Michaelmas 1855, 1856, and 1857 respectively, in 626 Unions and single Parishes.

State of Employ-
ment.

The activity of our trade and manufactures, and, consequently, the extent of employment among the labouring population during the three periods under consideration, are, to a certain extent, indicated by the official Tables of the declared value of the Exports from the United Kingdom.

Comparative
Expenditure in
Divisions.

Comparing the expenditure for In-maintenance and Out-door Relief of the Michaelmas half-year, 1857, with that of 1856, it will be found there was a decrease of 77,019*l.*, or 3·9 per cent.; and it will be seen, by the next Table, that each division of the kingdom exhibited a decrease, excepting only the North Western, which showed the trifling increase of 0·1 per cent.

The Paupers relieved on the 1st July, that is, on a day which falls on the middle of the Michaelmas half-year, are taken as a good representation of the average number relieved during the time which elapses between the 25th March and the 29th September. The next Table, which relates to the same 626 Unions as the Table of Expenditure printed at page 3, exhibits the Pauperism on the 1st of July for the three periods :—

Labouring Popu-
lation.

Judging by the diminution in Pauperism, and, in Expenditure for Relief, it is evident, that the half-year ended at Michaelmas last was, so far as the labouring population were concerned, one of increased prosperity.

New Arrange-
ment.

The following Remarks, explanatory of a new arrangement of the Statistics of Pauperism, are reprinted here from the "Introductory Memorandum" prefixed to Return (B.), No. 77, Sess. 2, 1857.

Statistics of Pau-
perism.

THE Statistics of Pauperism now presented to the House of Commons, have, under the directions of the President of the Poor Law Board, been classed, in respect of localities, on the plan adopted for the Census of 1851; and augmented, in respect of subject-matter, by the publication of the Returns of each Union, separately; with the addition of some Industrial Statistics.

Divisions.

It will be seen on reference to the Tables, that the Union-Counties have been arranged in Eleven Divisions, namely—

Division I.—THE METROPOLIS.

II.—SOUTH EASTERN COUNTIES.

III.—SOUTH MIDLAND COUNTIES.

IV.—EASTERN COUNTIES.

V.—SOUTH WESTERN COUNTIES.

VI.—WEST MIDLAND COUNTIES.

VII.—NORTH MIDLAND COUNTIES.

VIII.—NORTH WESTERN COUNTIES.

IX.—YORKSHIRE.

X.—NORTHERN COUNTIES.

XI.—MONMOUTHSHIRE AND WALES.

And, that the Unions have been placed, according to their topographical proximity, under the Union-Counties.

Union-Counties.

The "*Union-Counties*" are formed by placing together certain Unions, &c., which, in aggregate area and population, most nearly coincide with the Counties proper, that respectively bear the same names. Owing to the fact that the Union boundaries are not conterminous with the boundaries of Counties, it is impossible to make the Union-Counties coincide absolutely in area and population with the ordinary County divisions, but the Union-Counties are now made, as far as possible, co-extensive* with the Registration

* There are 408 parishes, with a total population of 1,324,833, which make no Return to the Poor Law Board. When Returns can be obtained and published for these places, the coincidence of areas will be complete.

tration Counties of the Census; and the Unions themselves correspond to the Registration Districts of the same work. This correspondence of area extends to the Returns published by the Registrar-General.

The Industrial Statistics have been compiled from the information published in the Occupations Abstract of the Census of 1851; which exhibits the various employments of the people under the following Classes; namely—

Classes of Occupations.

Class I. Persons engaged in the general or local GOVERNMENT of the Country - - - -	65,330
II. Persons engaged in the DEFENCE of the Country - - - -	78,498

VIII. Persons engaged in the CONVEYANCE of Men, Animals, Goods, and Messages - - - -	252,196

XVI. Persons of RANK or PROPERTY not returned under any Office or Occupation - - - -	147,879
XVII. Persons supported by the community, and of NO SPECIFIED OCCUPATION * - - - -	103,453
Other Persons of no stated Occupations or Conditions - - - -	110,407
TOTAL of Persons, aged 20 and upwards, in England and Wales - - - -	9,816,597

These Classes are divided into *eighty-seven* Sub-classes. The minor details are given, with great fulness, under Class and Sub-class at page cxxviii *et seq.* in the 1st volume of the Second Part of the Census.

Sub-classes.

The ratios of occupations were computed in this office, to accompany the series to be presented from time to time, under the general title of "Poor Rates and Pauperism." They were, of necessity, restricted to the adult population; because, the occupations of persons under 20 years of age, have not been published for separate Unions.

Computation of Ratios.

However,

* Classes V. and XVII. include only those of the persons described who are not returned in any of the other classes.

Classes excluded.

However, more than half the population, that is, 9,816,597 persons, are persons aged "20 years and upwards." But this number is reduced about one-third, by the rejection of Classes I., II., III., IV., V., XV., XVI., and XVII., as seven of these were considered to have very little, if any, bearing on questions of pauperism; and, Class XV., embracing undefined branches of labour, was thrown out by the impossibility of a satisfactory allocation of the numbers therein; a like cause excluded 110,407 "persons of no stated occupations or conditions."

Groups.

The Classes retained have been thrown into four Groups, thus :—

TITLES OF THE GROUPS.	Corresponding Classes in the Census Abstract.	Number of Persons aged 20 Years and upwards in each Group.
(a) Mechanical Arts; Trade and Domestic Service.	Classes VI.; VII.; VIII.; X.; XI.; XII. (Sub-Class 1 only); XIII. (Sub-Classes 1 and 2 only).	3,042,520
(b) Agriculture - - - -	Class IX. - - - -	1,576,081
(c) Manufactures - - -	Classes XII. (<i>except</i> Sub-Class 1); and XIII. (<i>except</i> Sub-Classes 1 and 2).	819,802
(d) Mining and Mineral Works -	Class XIV. - - - -	623,171

Ratios of the Groups.

These four Groups contain 6,061,574 persons; or 61.8 per cent. of the total adult population. Separately considered, the ratios stand thus—

Group (a).—Mechanical Arts, Trade and Domestic Service } contains 31·0 per cent.

Group (b).—Agriculture contains 16·1 per cent.

Group (c).—Manufactures - - - contains 8·4 per cent.

Group (d).—Mining and Mineral Works - contains 6·3 per cent.

Titles of the Groups.

The Titles briefly express the preponderating characteristics of the Groups : the headings of the tabular columns, necessarily concise, excluding any reference to minor branches of employment. But the following Synopsis, exhibiting the Sub-classes collected into the different Groups, will, it is believed, afford a sufficient account of the numbers and industries discussed in each.

With the view of giving greater clearness to the industrial statistics ; the ratios have, when *above* the average of their respective Groups, been printed in *italics* ; but, when at the average, or below it, ordinary figures have been employed.

The Groups (a), (c), and (d) containing a great variety of employments, a column for special occupations has been printed, opposite to each Union. In this Column particular branches of industry are named, with references to the Groups ; whenever, the number of persons employed, appeared sufficiently important to require notice. The agricultural Group (b) not being characterised by varieties, to the same extent, required no elucidation beyond the computed ratios. For the sake of brevity, the names of the products, whether wrought or unwrought, are given in this column instead of the names of the occupations, *e. g.* “copper” for copper-mining ; “silk” for silk manufactures.

The reference numbers to the Union-Counties and Unions are the same as those printed in the Census ; and, employed in the Registrar-general’s Returns, place for place ; except, in those instances where the registration districts include two, or more, poor-law unions or parishes. In such cases the Census number has been retained, and the separation into parts marked by a letter added to the original number ; thus, Kensington, which in the Census stands as number 1, is divided into three places for poor-law purposes, and the several parts are marked accordingly ; 1 a.—Kensington. 1 b.—Fulham. 1 c.—Paddington.

List of Returns.

The references above, will enable the reader to consult the original publica-
tions, where, all that is known authentically of the Poor Rate expenditure, is
printed. He will find the *rates levied* ; and, the *sums expended in relief*, and for
other purposes, given parochially for the years 1775-76 ; 1782-85 ; 1802-3 ;
1812-15 ; 1834-35 ; 1837-38 : the sums *expended in relief* only, printed sepa-
rately for each parish, for the years 1815-16 to 1833-34 : but, that subse-
quent to 1837-38 the particulars of the *levy and expenditure* are published in
unions.

Extent of informa-
tion.

“Relief,” and
“Other Charges.”

It will be observed in the foregoing List, that the sums expended in relief to the poor, always fall short of the sums levied as Poor Rates ; this fact is due to the circumstance of many charges, unconnected with pauperism, being legally payable from the rates. According to the present Return, the sum expended in relief, was only 70·7 per cent. of the total expenditure.

Proportion of one
to the other.

The portion of the rate spent in relief, has considerably diminished, in recent, as compared with former periods. The following Table exhibits the result of a comparison of the 10 years ended at 1822, with the 10 years ended at 1857.

Parochial Years.	Yearly Average of		Ratio per Cent. of (a) to (b).
	(a) Relief to the Poor.	(b) Total Expenditure.	
	£.	£.	
1813—1822 - - -	6,704,101	8,284,788	80·9
1848—1857 - - -	5,524,410	7,567,040	73·0

Decrease of
“Relief,” and
increase of “Other
Charges.”

This change has taken place from two causes ; firstly, the amounts spent in relief have greatly *decreased* since 1834 ; secondly, the amounts payable out of the Poor Rates in respect of “County, Hundred, or Borough Rate, or Police Rate,” have greatly *increased* since that year ; while, many additional charges have been thrown upon the rate ; such as, payments to public Vaccinators ; payments on account of the Registration Act ; payments in respect of Parliamentary or Municipal Registration, and costs of Jury Lists ; expenses incurred for Sanitary purposes ; payments for Burial Boards and Burial Grounds ; and some other charges unconnected with relief.

Compilation of the
Returns.

The annual Poor Rate Returns are compiled from the local returns, forwarded to the Poor Law Board, by the clerks to the Guardians of places which are in union ; and, by the overseers of the poor of those parishes, which, are either under the provisions of the 43d Elizabeth, cap. 2 ; or, which claim to be incorporated under Gilbert’s Act.

Publication.

Some time necessarily elapses, after the expiration of the parochial year, before the publication of the Return takes place ; because, the information furnished by the clerks, can only be prepared by them, from the parochial and union accounts, after they have been audited. The books and vouchers of 600 Unions, and 14,200 Parishes, at least, undergo the scrutiny of the District Auditors, twice a-year. Those documents represent the transactions of the Boards of Guardians, and, of more than 36,000 officers, inclusive of the overseers, all of whom are directly amenable to the audit, in respect of Poor Rates and Receipts in Aid, which they have collected or disbursed.

Local Administra-
tion of Relief.

Considerable diversity exists in the constitution of the local bodies in England, to whose hands the Legislature has entrusted the administration of relief ; and, it will be convenient to exhibit here, a short statement of the number of parishes which, at the present time, fall under each description of management ;

management ; premising, however, that every place maintaining, or liable to maintain, its own poor is termed a " Parish," for the purposes of the statement.

Authority.	Description.	Number of Parishes.
Poor-Law Amendment Act	585 unions	13,964
	20 single parishes	20
Local Acts (various)	21 unions	320
	15 single parishes	15
Gilbert's Act (22 Geo. 3, c. 83)	12 unions	200
	2 single parishes	2
43d Elizabeth, cap. 2	89 parishes (including the Scilly Islands as one parish).	89
	TOTAL	14,610

Of the statistics presented to Parliament, under the title of " Poor Rates and Pauperism," the Poor Rate Return is, in respect of the number of parishes included, the most complete. It represents the sums, raised and expended as poor rates, in 14,603 parishes ; leaving only *seven* small parishes unrepresented ; *six* of which are not known to have any poor. Completeness of the Return.

The entire population of England and Wales, is thus represented, in relation to the Poor Rate Return :—

	Population in 1851.
14,603 Parishes returned	17,900,298
7 Parishes unreturned	4,929
Extra-parochial places	22,382
TOTAL	17,927,609

The " Extra-parochial " places, noticed in this statement, were not, heretofore, liable to maintain their own poor ; but they are now becoming Parishes, under the operation of 20 Vict. cap. 19 (Extra-parochial Places Act) ; to what extent this will increase the number of Parishes cannot, at present, be stated. Extra-parochial Places.

The present deviates from previous Returns, in the manner of classifying the heads of expenditure, which are now placed in three *sections* :—namely, New classification of heads of expenditure.

(A.)—Amount expended for Relief to the Poor, and purposes connected therewith.

(B.)—Amount expended for Purposes *unconnected* with Relief.

(C.)—Amount expended for Purposes some of which are *connected* and others *unconnected* with Relief to the Poor.

This arrangement exhibits, with greater clearness than that formerly adopted, how much of the expenditure of the Poor Rates, is due to pauperism ; and, how much, to the incidence of other charges.

The column in the Return, which contains the expense of *Medical Relief* only, consists of Salaries to the Medical Officers ; Extra Medical Fees paid to them under the General Consolidated Order of the Poor Law Commissioners ; also, the cost, (if any) of medical and surgical appliances, and drugs. The Medical Relief.

sums in this column are not additional to those given in Column 1, § A of the Return; because, the various items of Medical Relief are included in Sub-columns (e) or (f), as forming a portion of the "Relief to the Poor."

Value of Rateable Property.

The Net Annual Value of Property assessed to the Poor's Rate has been returned in respect of three parochial years; namely,

The principal heads of expenditure, which constitute "Relief to the Poor," are shown in the next Table, together with the average price of wheat for the three years. The amounts entered in sub-column (e), as "Other expenses of, or immediately connected with relief," contain the sums expended for the maintenance of pauper lunatics in asylums and licensed houses; this was separately returned for 1856-7, for the first time, when it appeared to be 377,658 l. 11 s.

New Arrangement.

The subsequent Remarks, explanatory of a new arrangement of the Statistics of Pauperism, are extracted from the "Introductory Memorandum" prefixed to Return (B.), No. 77, Sess. 2, 1857.

Statistics of Pauperism.

THE Statistics of Pauperism now presented to the House of Commons, have, under the directions of the President of the Poor Law Board, been classed, in respect of localities, on the plan adopted for the Census of 1851; and augmented, in respect of subject-matter, by the publication of the Returns of each Union, separately; with the addition of some Industrial Statistics.

Divisions.

It will be seen on reference to the Tables, that the Union-Counties have been arranged in Eleven Divisions, namely—

- Division I.—THE METROPOLIS.
- II.—SOUTH EASTERN COUNTIES.
- III.—SOUTH MIDLAND COUNTIES.
- IV.—EASTERN COUNTIES.
- V.—SOUTH WESTERN COUNTIES.
- VI.—WEST MIDLAND COUNTIES.
- VII.—NORTH MIDLAND COUNTIES.
- VIII.—NORTH WESTERN COUNTIES.
- IX.—YORKSHIRE.
- X.—NORTHERN COUNTIES.
- XI.—MONMOUTHSHIRE AND WALES.

And, that the Unions have been placed, according to their topographical proximity, under the Union-Counties.

The

The “*Union-Counties*” are formed by placing together certain Unions, &c., which, in aggregate area and population, most nearly coincide with the Counties proper, that respectively bear the same names. Owing to the fact that the Union boundaries are not conterminous with the boundaries of Counties, it is impossible to make the Union-Counties coincide absolutely in area and population with the ordinary County divisions; but, the Union-Counties are now made, as far as possible, co-extensive with the Registration Counties of the Census; and the Unions themselves, correspond to the Registration Districts of the same work. This correspondence of area, extends to the Returns published by the Registrar-General.

Union-Counties.

The Industrial Statistics have been compiled from the information published in the Occupations Abstract of the Census of 1851; which exhibits the various employments of the people under the following Classes; namely—

Classes of Occupations.

These Classes are divided into *eighty-seven* Sub-classes. The minor details are given, with great fulness, under Class and Sub-class at page cxxviii *et seq.* in the 1st volume of the Second Part of the Census.

Sub-classes.

The

* Classes V. and XVII. include only those of the persons described who are not returned in any of the other classes.

Computation of Ratios.

The ratios of occupations were computed in this office, to accompany the series to be presented from time to time, under the general title of "Poor Rates and Pauperism." They were, of necessity, restricted to the adult population ; because, the occupations of persons under 20 years of age, have not been published for separate Unions.

Classes excluded.

However, more than half the population, that is, 9,816,597 persons, are persons aged " 20 years and upwards." But this number is reduced about one-third, by the rejection of Classes I., II., III., IV., V., XV., XVI., and XVII., as seven of these were considered to have very little, if any, bearing on questions of pauperism ; and, Class XV., embracing undefined branches of labour, was thrown out by the impossibility of a satisfactory allocation of the numbers therein ; a like cause excluded 110,407 " persons of no stated occupations or conditions."

Groups.

The Classes retained have been thrown into four Groups, thus :—

TITLES OF THE GROUPS.	Corresponding Classes in the Census Abstract.	Number of Persons aged 20 Years and upwards in each Group.
(a) Mechanical Arts; Trade and Domestic Service.	Classes VI.; VII.; VIII.; X.; XI.; XII. (Sub-Class 1 only); XIII. (Sub-Classes 1 and 2 only).	3,042,520
(b) Agriculture - - - -	Class IX. - - - -	1,576,081
(c) Manufactures - - - -	Classes XII. (except Sub-Class 1); and XIII. (except Sub-Classes 1 and 2).	819,802
(d) Mining and Mineral Works -	Class XIV. - - - -	623,171

Ratios of the Groups.

These four Groups contain 6,061,574 persons ; or 61.8 per cent. of the total adult population. Separately considered, the ratios stand thus—

- Group (a).—Mechanical Arts, Trade and Domestic Service - - } contains 31.0 per cent.
- Group (b).—Agriculture - - - contains 16.1 per cent.
- Group (c).—Manufactures - - - contains 8.4 per cent.
- Group (d).—Mining and Mineral Works - contains 6.3 per cent.

Titles of the Groups.

The Titles briefly express the preponderating characteristics of the Groups ; the headings of the tabular columns, necessarily concise, excluding any reference to minor branches of employment. But the following Synopsis, exhibiting the Sub-classes collected into the different Groups, will, it is believed, afford a sufficient account of the numbers and industries discussed in each.

With the view of giving greater clearness to the industrial statistics; the ratios have, when *above* the average of their respective Groups, been printed in *italics*; but, when at the average, or below it, ordinary figures have been employed.

The reference numbers to the Union-Counties and Unions are the same as those printed in the Census; and, employed in the Registrar-general's Returns, place for place; except, in those instances where the registration districts include two, or more, poor-law unions or parishes. In such cases the Census number has been retained, and the separation into parts marked by a letter added to the original number; thus, Kensington, which in the Census stands as number 1, is divided into three places for poor-law purposes, and the several parts are marked accordingly; 1 *a*.—Kensington. 1 *b*.—Fulham. 1 *c*.—Paddington.

In Returns (B) and (C) of the "Poor Rates and Pauperism" series, the Industrial Statistics are printed opposite to each Union; but, in consequence of the number of columns, which the Poor Rate Return comprises, it was found impracticable to pursue the same plan here. However, since the Unions are arranged according to their reference numbers in all the Returns, no difficulty will present itself in making a comparison of the Poor Rate Statistics, with the Industrial Statistics, for separate Unions. The Industrial Statistics have been printed for Union-Counties, and Divisions, in the Comparative Statement, at p. 18, *et seq.*
